

SEND Workforce Training Sessions

December 2022-March 2023 Online (MS Teams)

Under the RISE programme, funded by the Department for Education, the Council for Disabled Children and NDTi have conducted a workforce survey to identify learning needs across the SEND System.

The following topics have stood out as areas of need, and the workshops have been developed to meet these learning needs:

- Data, Voice and Commissioning
- Social Care, SEND and Co-production
- Preparing for Adulthood, Post 16 Pathways

Audience

These training sessions are aimed professionals working across the SEND workforce.

Dates

Each workshop will run multiple times and will be delivered online, using MS Teams. Please visit the links below to view dates and register.

Data, Voice and Commissioning

Objectives

- Increase understanding of the relationship between strategic outcomes, commissioning and voice
- Increase understanding of tools and approaches for capturing and interpreting lived experience as data
- Learn from good practice examples
- Reflect on and share local strengths, challenges and opportunities with colleagues from other local areas
- Explore common barriers regarding commissioning in response to lived experience data
